Project Timeline

Start: Nov. 29 | Due: Dec. 6th

Site Goals

This website works as a contact site and includes my web/graphic design resume. It's a place where I can show off what I have learned about html, css and photoshop.

Target Audience

Anyone interested in seeing my progress in webdesign, anyone interested in paying me to use the skills I've learned.

Competing Sites

Everyone else's Website Project in this class.

Visual Personality

Current professionals say that Bright colors, Patterns and designer typography have become increasingly popular this year and project that they will continue to be desirable in 2018. I wanted to include all of these cohesively in a simple, yet image heavy, layout.
